

Bulls for sale in 2022

Bull	Birth weight	Cow	Scrotal	Weight 9/20	Sire
108	78	7182	24	469	809/830
108 is sired by one of two half brothers, same Scottish sire, different Wye cows. His dam is sired by a full brother to King Cong.					
116	75	655	23	453	Sired by one of three Scottish bulls.
His dam is sired by a son of Jipsey Earl, second dam by Peerless of Saddle Butte who was ½ Scottish, ½ Wye.					
128	76	1155	23.5	496	Sired by one of three Scottish bulls.
Dam is a very good 720E daughter. Her sire was a son of Evesund of Dupplin, winner of the Highland Show.					
156	82	158	26	478	Sired by one of three Scottish bulls.
Dam is another high ratioing daughter of 720E, a son of Evensund of Dupplin. Second dam lived to sixteen.					
188		1199	25	518	Sired by one of three Scottish bulls.
Dam is a daughter of Shot of Scotch. Second dam was a Shoshone cow.					
199	87	0116	24.5	545	Sired by one of three Scottish bulls.
Dam's pedigree includes Octoraro and Wye blood.					
1107	69	811	27.5	407	809/803
His dam, a heifer, is sired by the same bull as his sire. Second dam by Pinebank 152/04					
1114	75	700	23-24	453	Likely sired by Cong
1114 is a full Native Aberdeen Angus, out of a Cupbearer daughter, and an outcross to everything.					
1136	70	515	23	450	Likely sired by Cong
out of a daughter of Jipsey Earl, 1136 is another full blood Native Aberdeen Angus, and as a heifer bull would make wonderful replacement heifers.					
1144	75	2145	25	437	Sired by one of three Scottish bulls
1144's dam is yet another 720E daughter. 720E has emerged over time as an important sire in our herd.					
1148	72	003	24.5	471	Sired by one of three Scottish bulls
Out of an absolutely beautiful daughter of Jipsey Earl.
